BOOMERANG BAGS

WHAT WE DO

Boomerang Bags aims to provide solutions to plastic pollution and foster sustainable behaviour through grassroots, community engagement.

HOW WE DO IT

Volunteers from all walks of life get together to collect pre-loved fabric, and turn it into reusable bags which are then circulated into the wider community.

Through Boomerang Bags we start conversations, make friends, repurpose, divert waste, and work towards shifting society's throw away mentality to a more sustainable revolution of reuse - one community needle and thread at a time!

We provide the tools for community members to drive the initiative from wherever they are in the world.

OUR IMPACT

750 +
communities worldwide

205, 603 +
boomerang bags made

60 + tonnes
material waste diverted from landfill
